

JINWOO CHO

kevinjwcho@gmail.com ◇ jinoojwcho@cmu.edu

Website: <https://kevinjwcho.github.io>

RESEARCH INTERESTS

Statistical network analysis; dynamic prediction and survival analysis; joint modeling and subgroup identification; functional data analysis; brain imaging data analysis; environmental health applications.

EDUCATION

University of Pittsburgh, PA, US

Ph.D. in Statistics (Adviser: Dr. Kehui Chen)

Aug 2020 – Aug 2025

Sungkyunkwan University, Seoul, South Korea

Master of Science in Statistics (Adviser: Dr. Eun Ryung Lee)

Sep 2016 – Aug 2018

Bachelor of Economics, Statistics

Mar 2010 – Aug 2016

ACADEMIC APPOINTMENTS

Special Faculty (Post-Doctoral Fellow, Full Time)

Aug 2025 – Present

Carnegie Mellon University

Pittsburgh, PA

- Department of Statistics (Adviser: Dr. Nynke Niezink) and Institute of Complex Social Dynamics (ICSD).
- Research on longitudinal three-way network analysis and stochastic actor-oriented models (SAOM).

Research Associate (Full Time)

Jul 2019 – Jul 2020

Seoul National University College of Medicine

Seoul, South Korea

- Advised by Dr. Yun-Chul Hong; managed EDC project and elderly cohort data.
- Analyzed microbiome, EWAS/GWAS, and longitudinal data; forecasted medical workforce demand.

Teaching and Research Assistant (Part Time)

Jul 2017 – Jun 2019

Department of Information Statistics, Korea National Open University

Seoul, South Korea

Research Assistant (Full Time)

Sep 2017 – Aug 2018

Research Institute of Applied Statistics, Sungkyunkwan University

Seoul, South Korea

- Statistical consulting; taught R and SAS programming.

INDUSTRY EXPERIENCE

Model Developer (Part Time)

May 2018 – Sep 2018

Begas, Inc.

Seoul, South Korea

- Stock market index prediction using functional data analysis (Shinhan Investment Corp.).

Intern (Full Time)

Jan 2017 – Feb 2017

SAS Korea

Seoul, South Korea

PUBLICATIONS

In Preparation

- [P1] **Cho, J.**, & Niezink, N. "A Stochastic Actor-Oriented Model for the Longitudinal Analysis of Cognitive Social Structures."

- [P2] **Cho, J.**, & Chen, K. “Network assisted localized functional principal component analysis for brain MEG data.”
- [P3] **Cho, J.**, Lee, E. R., Park, S., & Hong, G. “Subgroup Identification and Inference in Nationally Representative Survey Data.”

Submitted

- [S1] **Cho, J.**, & Chen, K. “Dynamic prediction of survival outcomes using Jointly Estimated Landmarking approach.”

Published

- [1] Oh, J.[†], **Cho, J.**[†], Hong, Y. C., Yoon, H. J., & Ha, E. (2026). A novel method for biological age assessment utilizing hospitalization risk of cardiovascular disease. *BMC Cardiovascular Disorders* (in press). ([†]Equal contribution)

Robust Anomaly Detection in Cyber Physical System using Kullback–Leibler Divergence in Error Distributions. *5th Workshop on Mining and Learning from Time Series (MileTS'19)*, Anchorage, Alaska.

TALKS AND POSTERS

Joint Statistical Meetings (JSM) 2026

Aug 2026

Boston, Massachusetts

- Presentation: Modeling Longitudinal Three-way Network Data.

Sunbelt Social Networks Conference (INSNA) 2026

Jun 2026

Daytona Beach, Florida

- Talk: Stochastic Actor-Oriented Modeling for Cognitive Social Structures.

Hanyang University Seminar

May 2026

Department of Automotive Engineering (IRCV Lab)

Seoul, South Korea

- Invited talk: Beyond Objective Networks: Analyzing Subjective Social Structures via the Three-way SAOM.

Sungkyunkwan University Seminar

May 2025

Department of Statistics

Seoul, South Korea

- Talk: Dynamic prediction for survival outcomes with intensively observed longitudinal predictors.

Joint Statistical Meetings (JSM) 2024

Aug 2024

Portland, Oregon

- Biometrics Section presentation: Dynamic prediction for survival outcomes with intensively observed longitudinal predictors.

Keystone State Statistics Symposium

Oct 2023

Penn State University

- Poster: Dynamic prediction for survival outcomes with intensively observed longitudinal predictors.

TEACHING

TA Mentor

AY 2024–2025

University of Pittsburgh

- Provided peer advice to TAs and TFs on classroom management and grading.
- Reported TA and TF concerns to enhance teaching practices.
- Disseminated instructional resources from the Dean's Office and Teaching Center.

Instructor

Summer 2022, 2023

University of Pittsburgh

- STAT 1000: Applied Statistical Methods. Introduction to statistics for undergraduates (6 weeks).

Teaching Assistant

2021 – 2024

University of Pittsburgh

- Summer 2024: STAT 1000 (Applied Statistical Methods)
- Spring 2024: STAT 1311 (Applied Multivariate Analysis), STAT 3694 (Topics in Advanced Statistics 4)

- Fall 2023: STAT 2711 (Probability Theory I), STAT 2261 (Survival Analysis), STAT 1341 (Sports Analytics)
- Spring 2023: STAT 2641 (Asymptotic Statistics), STAT 1100
- Fall 2022: STAT 1000 (Applied Statistical Methods)
- Fall 2021: STAT 1201 (Applied Nonparametric Statistics)
- Spring 2021: STAT 1100 (Statistics and Probability for Business Management)

HONORS AND AWARDS

- | | |
|--|---|
| <p>Andrew Mellon Predoctoral Fellowship
 <i>The Dietrich School of Arts & Sciences, University of Pittsburgh</i></p> <ul style="list-style-type: none"> · Awarded a one-year fellowship (AY 2024–2025). | <p>Feb 2024</p> |
| <p>Arts and Sciences Fellowship
 <i>The Dietrich School of Arts & Sciences, University of Pittsburgh</i></p> <ul style="list-style-type: none"> · Awarded a one-year fellowship (AY 2020–2021). | <p>Aug 2020</p> |
| <p>Graduate Academic Paper Presentation Award, 2nd Place
 <i>The Korean Statistical Society</i></p> <ul style="list-style-type: none"> · Presentation: Penalized Local Linear Quantile Regression for Varying Coefficient Models. | <p>May 2018</p> |
| <p>SAS Student Ambassador
 <i>SAS Global Forum</i></p> <ul style="list-style-type: none"> · Presentation: Construction of a Disease Network and a Prediction Model for Dementia Using Health Insurance Claim Data in Korea. · Poster: Analysis of Profitability-Bank Systems in South Korea Using SAS Base. | <p>Apr 2017 / Apr 2018
 Orlando, FL / Denver, CO</p> |
| <p>The 14th SAS Analytics Championship in Korea, 2nd Place</p> <ul style="list-style-type: none"> · Topic: Analyze and Construct a Network of Diseases in which Koreans are interested. | <p>Sep 2016</p> |
| <p>Academic Scholarship
 <i>Sungkyunkwan University</i></p> <ul style="list-style-type: none"> · Simsan scholarship for graduate students · Academic excellence scholarship for undergraduate students | <p>Spring 2018, Fall 2017
 Spring 2016, Fall 2015</p> |

PROFESSIONAL SERVICE

Manuscript Reviewer: Journal of Statistical Software

SKILLS

Programming Languages	R, Rcpp, Python, MATLAB, $\text{\LaTeX}$, SAS Korean (native), English (fluent)
